

PRC 2011 Summer Associate Sites

Anaconda

Anaconda Family Resource Center

The Summer Associate will serve the local Summer Food Service Program in this community. Local Summer Food Service Programs provide youth with the nutrition they need throughout the summer while school is not in session. Youth from all over the community are invited to attend and can benefit from educational materials. The Summer Associate will assist in the day to day operations of the program and will provide any educational support that is needed.

Ashland

Boys and Girls Club of the Northern Cheyenne Nation

The Summer Associate will be responsible for overseeing the delivery of a broad range of programs within a designated club house, such as: Education, Special Education, Social Recreation, Arts & Crafts and Physical Education. Plan, develop, and oversee implementation and supervise programs and program staff (i.e. junior staff, volunteers, etc...).

Bozeman

Montana Conservation Corps

The Summer Associate is responsible for assisting with the development of effective health promotion and substance abuse prevention programs for the MCC, known as “Healthy Lifestyles”. The goal of the Healthy Lifestyles initiative is to create a stronger connection between healthful practices and the MCC experience. Components of the initiative will include educational curriculum, member and staff training, and written policy and procedural materials.

Great Falls

North Central MT RSVP (Volunteer Recruitment)

This Summer Associate position involves recruiting volunteers for organizations that work with at-risk youth in Cascade County, MT. This includes attending meetings, recruiting and placing volunteers in local organizations, compiling volunteer timesheet data and insuring that it is signed off by appropriate workstation official. This position will conduct worksite visits.

Helena

Governor's Office of Community Service- Nancy's Garden

The Governor's Office of Community Service is looking for a VISTA Summer Associate who is passionate about growing food, community gardens, and math & science education. This position will support Nancy's Garden, the newest feature of the Governor and First Lady's Math & Science Initiative. Nancy's Garden provides a gardening experience for every 4th grade student by supplying grow boxes, seeds, lesson plans and instructions for each classroom. This opportunity will help create the next generation of gardeners growing their own food in Montana.

Lame Deer

Boys and Girls Club of the Northern Cheyenne Nation

The Summer Associate is responsible for overseeing the delivery of a broad range of programs within a designated club house, such as: Education, Special Education, Social Recreation, Arts & Crafts and Physical Education. Plan, develop, and oversee implementation and supervise programs and program staff (i.e. junior staff, volunteers, etc...).

Lima

Lima School District 12, Summer Food Program

The Summer Associate will serve the local Summer Food Service Program in this community. Local Summer Food Service Programs provide youth with the nutrition they need throughout the summer while school is not in session. Youth from all over the community are invited to attend and can benefit from educational materials. The Summer Associate will assist in the day to day operations of the program and will provide any educational support that is needed.

Livingston

Livingston School District

The Summer Associate will assist in the areas of anti-hunger, local food systems and health, food security, survey development and program evaluation. More specifically, the Prevention Resource Center Summer Associate will serve the School District in a combination of direct and indirect service by performing such activities as: a variety of support staff tasks for the LINKS for

Learning Summer Camp Program; school garden preparation and early planting; preparing and serving healthy breakfasts and lunches; developing menus; conducting needs assessment studies; developing a Hazard Analysis Critical Control Point Plan for all school district food service operations; identifying and connecting local food producers with the schools; developing experiential educational components for students; developing training materials and providing ongoing training for food service staff; helping to coordinate farm-to-school research opportunities to advance evidence-based programs; working to develop a school wellness policy; and promoting community awareness and participation.

Missoula

YWCA Missoula GUTS!

This Summer Associate position provides the GUTS! project with vital structural support for capacity building in their Summer Programming. The position will focus primarily on the areas of building relationship with other communities, developing and sustaining financial and human resources, and creating and administering a new community based summer GUTS! Action Group Program.

Ronan

Boys and Girls Club of the Flathead Reservation and Lake County

The Summer Associate will serve the local Summer Food Service Program in this community. Local Summer Food Service Programs provide youth with the nutrition they need throughout the summer while school is not in session. Youth from all over the community are invited to attend and can benefit from educational materials. The Summer Associate will assist in the day to day operations of the program and will provide any educational support that is needed.

Sheridan

Sheridan Summer Food Program

The Summer Associate will serve the local Summer Food Service Program in this community. Local Summer Food Service Programs provide youth with the nutrition they need throughout the summer while school is not in session. Youth from all over the community are invited to attend and can benefit from educational materials. The Summer Associate will assist in the day to day operations of the program and will provide any educational support that is needed.
